

Eric Anderson, PGA

College/University: Eric Anderson

Year Turned Pro: 2000

**Facility and Job Title: Enger Park Golf Club, Head Professional,
Twin Ports Golf Studio, Owner**

What was your motivation to become a PGA Professional?

I worked for various PGA Members growing up and noticed they all loved their jobs, loved going to work in the morning and felt passionate about their careers. I figured these were all things I wanted from a career as well.

What is your specialty in the golf business?

I own and operate the only full service off-season golf instruction facility in North Eastern MN/Northwest WI area.

What was your greatest moment in golf?

I would have to say my entire college golf experience. To be able to experience college, play golf and compete everyday on great golf courses and make lifelong friends in the process, is an experience you can't get any place else.

What or who has had the greatest impact on your career?

It's hard to pick one person. I can say I've been blessed with a

lifetime of great role models, whether that be family, coaches, teachers or employers. I try to learn from them all.

Besides golf, what else do you enjoy?

Curling and racquetball, anything to help pass the long cold Duluth winter!

If you could give lessons to anyone in the world who would it be and what advice would you give?

Well, it would be hard for me to pick someone famous, but in reality, I'm glad to be able to teach players in my hometown. To be able to give something back to the game at the course I grew up at is what I always wanted to do.

What is your favorite golf instruction tip?

Practice only make permanent, perfect practice makes perfect.
